

The Life Works! Weekend

You are invited to join us for one evening and two days in New York City for an exploration designed to help you discover the life you've been dreaming of. Through pre-workshop questions, participation in small groups and a lively discussion, you'll uncover the direction you would like your life to take. You'll discover what that life could look like on a day-to-day basis. You'll refine your vision, creating a clear picture that you can take with you.

Most importantly, you'll learn about the steps that are necessary to make changes in life and how to get support for making them. Join us for this Workshop designed for both men and women.

Lifeworks is designed to:

- align you with yourself
- discover what will have you be content and fulfilled
- reveal what has been preventing you from having your life be one you want wake up in the morning for, and to go sleep knowing and experiencing yourself and your day as worthwhile
- understand the process of change
- know that you will manage any change needed
- have the life you dream of
- have increased authentic self-expression
- experience more ease and pleasure in everyday life
- find the resources needed within yourself
- feel more in control have opportunities and openings come toward you

Please join us. To reserve a place in the Weekend, please make a deposit of \$100. The fee is \$495 and \$275 to review. There is homework to be contemplated, gathered, researched, and prepared before the Weekend.
